

Lecture 1

- web board presentation (individual)

→ due Thursday
→ Lab Book
→ everything has to be documented (50 pts)

Final Proj Approval
→ Feb 6th

RFA

Jan 23rd - Initial Idea

- Scope
- what is the problem?

\$150 budget

ECE shop for free components

Problem

Overview

Subsystem

- RPi
- Coral
- PCB

Lecture 2

Raspberry Pi is allowed

- ↳ single board computer

- ↳ allowed

- ↳ can give data to Raspberry Pi

- ↳ but has to send to the main

- ↳

PCB

Main PCB has to interface w/ the
components

- ↳ sensors, cameras, etc.

Wiki → use this to import PCB components

Order parts (my PCB orders)
